LAW

- BONNEFOUS & CIE SA is a family fiduciary company that began in 1934 in the Saint Gervais area of downtown Geneva. Three generations of certified public accountants and lawyers have honed their skills in the traditional sectors of accounting, auditing and taxes, as well as in more specific areas such as legal advising and managing companies, portfolios and sports events.
- The BERDAT & CIE SA and SOFIDER SA companies, created in 1982 and 1985, are fiduciaries working in the same areas that became partners of BONNEFOUS & CIE SA in 2006 and 1999, respectively.
- The combined experience represented by these fiduciaries, as acquired by their founders, partners and employees, and our membership in a worldwide network of auditors, tax experts and legal practitioners specializing in business law, allow us to offer you a comprehensive range of services that cover both the structural needs of your company and your private assets.

BALANCE
